

SPRINGING INTO ACTION

As the days get longer and the weather improves, it is good to see Spring flowers appearing which help us to look forward to a time, hopefully not too distant, when something like normality will return.

We hope that those who took some of our daffodil pots earlier in the year will soon be seeing some nice blooms. We have retained a few bulbs for the Action Group to plant on the grassed area on the corner of Maple Drive when the time is right. In the meantime, thanks to a few of the Group members who have individually been

keeping the planters and beds tidy during the Winter. They have been putting in some bedding plants so that there is some colour in the weeks to come. We are expecting that some restrictions will be lifted this month and we hope that a larger Action Group session can be arranged to be able to do a lot more. If you are interested in joining in, please get in touch with us using the links below. Sessions are usually arranged at weekends once a month or as necessary.

Planter on High Street looking good with its new primulas
