

## From the Chellaston Residents' Association

### COMMUNITY GARDEN CONSTRUCTION STARTS THIS MONTH

Residents will see work starting on our garden project this month as demolition contractors will move in to demolish the old toilet block and prepare the ground ready for the landscapers to create the garden during March and April. We apologise in advance for any disruption this may cause to pedestrians and traffic and we have been assured by our contractors that they will ensure that this will be

kept to the absolute minimum. We are hoping to have the garden open for the summer if all goes to plan and are looking forward to it being a worthwhile addition to Chellaston's centre.

Financially, we are very grateful to grant providers, businesses and individuals who have contributed to this project. We have managed to achieve sufficient funding to meet the original estimate for the project but we know that many building materials have risen in price over the last year or so and we do not know if we are likely to have a shortfall at the end. Rather than skimping on the planting up of the garden, we are still keen to receive contributions for the garden from residents. One way to do this is to subscribe to our monthly prize draw, the **"100 Club"**. For a modest sum every month, you will have a chance to **win a cash prize of up to £50** ! Follow the link on our website to join in.

### WHERE CAN THIS BENCH GO?

This is the well-used bench that presently is on the site of the new garden. It needs a coat of paint but is not in bad condition. We do not want to see it go to landfill so if you have an idea of where a bench would be useful in Chellaston, please get in touch with us through our website or Facebook. We will ask the Council if they will consider relocating it for the community.
