

MORE TREES FOR THE COMMUNITY ORCHARD

Chellaston's Community Volunteers along with the Brickworks Nature Reserve Group and others turned out on a cold March day to plant a second area with fruit trees, some of which were donated by local residents. In years to come, it is hoped that the

orchard will not only be an attractive feature but also be a source of fruit for all to enjoy! The orchard can be found on Pit Close Recreation Ground, off Woodgate Drive. If you would like to help these grops, please get in touch with us – details below.

LANDSCAPING STARTS ON THE COMMUNITY GARDEN

Robin's Nest Landscaping has started work on the stonework and paving for the long-awaited Community Garden on High Street. We expect that this will be completed this month and the finishing touches put in before the Grand

Opening on June 25th. We want the garden to be planted with attractive trees and shrubs and are keen to hear from anyone who would like to sponsor one of these. Please get in touch if you would like to help to provide something for Chellaston's future!
