This will be a great afternoon out for everyone and there will be something for all the family to enjoy.

The Spirit of Chellaston is organised *by* the community *for* the community.

HELLASTON IS BLOOMING!

The plans for Chellaston-in-Bloom are now rapidly taking shape as we work towards having everything ready for the Summer when our efforts will be inspected. The Chellaston Action Group has been preparing beds and planters mainly on High Street and planting has started during May.

We have also been tidying up the Pinfold area next to the Churchyard and helping with the refurbishment of street furniture – such as benches and bollards – on High Street during the Chellaston Clean-up Day sponsored by the City Council in April. The Spirit of Chellaston bank has also been receiving a make-over so that the letters are now legible again. The 2nd Chellaston Brownies are going to plant up a planter at the top of High Street and the “Welcome to

Chellaston” sign near Gladstone Close is being improved with its own planter.

The Chellaston-in-Bloom project aims to improve various neglected areas and make Chellaston a place to be proud of. We hope you will enjoy these areas once they are completed and if you would like to join the volunteers who are carrying out the work, please contact us at info@chellaston.org.uk. We would like to acknowledge the help we have already received from George Simnett Funeral Directors, the No. 61 Gift Shop, Potter’s Mini-Skips and Swarkestone Nursery as well as members of the CRA’s “100 Club” as some of the funds generated by the prize draw are being used for this project.

The CRA 100Club is a monthly lottery. Each entry is £4 and half the money is given back in prizes. If you sign up, you will not only have a chance to win but you will also be supporting various CRA initiatives including this one.

Chellaston Neighbourhood Planning Forum.

We need your help.

We would be very grateful if you could complete **this short questionnaire** about which Facilities and Amenities you use in Chellaston. We would also like to know how you access the facilities, e.g. by car/ on foot / by bicycle or mobility scooter?

The Chellaston Neighbourhood Planning Forum is working on proposals for projects to enable pedestrians, cyclists and those with disability aids to access Chellaston Amenities and Facilities safely.

From our consultations so far, we know the reason many of us default to using our cars for short journeys around Chellaston is the lack of connecting infrastructure linking our residential areas with the shops and social and recreational facilities.

By strategically putting in some additional short paths and making the existing ones safe and passable, this situation could be transformed.

You can also add your ideas for improvements in the comment box below.

	At least once per week	1-3 times a week	1-11 times a year	Less than once a year	How do you get there? (e.g. walk, car, mobility scooter, cycle)
